EDUCATION:

Instituto Modelo Banfield

High school degree with orientation in economics and administration.

2009-2017

Universidad Tecnológica Nacional (FRA)

University Technician in Programming.

2018-2020

University Technician in Computer Systems.

2020-2021

PROFILE:

I am a responsible, orderly, and thoughtful person. I like minimalist styles and simple things.

I have a great capacity for analysis and problem solving, I like to think in a way 'Think out the box'.

I have experience working individually and grupally. It is easy for me to adapt to new environments, always presenting a motivating attitude and dedicated character.

OBJETIVES:

Being able to be part of the work area, contributing in practices with my skills, applying the acquired knowledge, and developing my personal and professional character.

WORK EXPERIENCE:

FUSAP

(2022 - Present) - Fulltime

Fullstack Developer (AngularJS + Java)
